

MINING REHABILITATION ADVISORY PANEL

COMMUNIQUE – June 2018

A summary of the Mining Rehabilitation Advisory Panel's Meeting on 20 June 2018

1. Screening and Risk Assessment Project

The Panel noted that DMIRS intend to seek community and departmental input to augment the existing abandoned mines database. This will meet the intent of the Abandoned Mines Policy and ensure the prioritisation of future work programs will be based on contemporary datasets.

2. Bulong

The Panel was advised that a preliminary project plan has been developed and approved by DMIRS for the Abandoned Mines Program team to commence the Bulong pilot project.
