

# GSWA 2021–22 airborne geophysics program update

## 27 Jun 2022

Shapefiles available at <[www.dmp.wa.gov.au/geophysics](http://www.dmp.wa.gov.au/geophysics)>.

MAGIX Regn. No.	Survey name	Description and Status
71388	GA AusAEM2 2019	Geoscience Australia 20 km line spacing AEM survey in NT and WA. Data available from <a href="http://pid.geoscience.gov.au/dataset/ga/140156">http://pid.geoscience.gov.au/dataset/ga/140156</a>
<b>AusAEM–WA — 2020–2022</b>		<b>GSWA extension of 20 km line spacing AEM survey over WA</b>
<i>TEMPEST coverage</i>		<i>Nominal Tx/Rx height 120 m AGL</i>
71586	East Yilgarn 2020	Acquisition Aug – Oct 2020. Data release 4 Feb 2021
71635	Eastern Goldfields 2020	Acquisition Aug – Oct 2020. Data release 4 Feb 2021
71636	Earahedy–Desert 2020	Acquisition Oct – Nov 2020. Data release 25 Mar 2021
<i>SkyTEM coverage</i>		<i>Nominal Tx/Rx height 45–55 m AGL</i>
71588	Southwest–Albany 2020	Acquisition Oct 2020 – Mar 2021. Data release 4 Nov 2021
72050	Murchison 2021	Acquisition Aug – Oct 2021: Data release 3 Mar 2022
<b>Coverage in progress</b> <i>Eastern Border, Kimberley</i>		20 km coverage of remainder of WA, funded by GSWA, is being done as part of GA EFTF Western Corridor program 2022–23 currently in progress.
