

# SAFETY AND HEALTH REPRESENTATIVES MATTER!

We need to **HEAR** about workers' safety concerns!

We need to open our eyes and **SEE** what is really happening in our workplace!

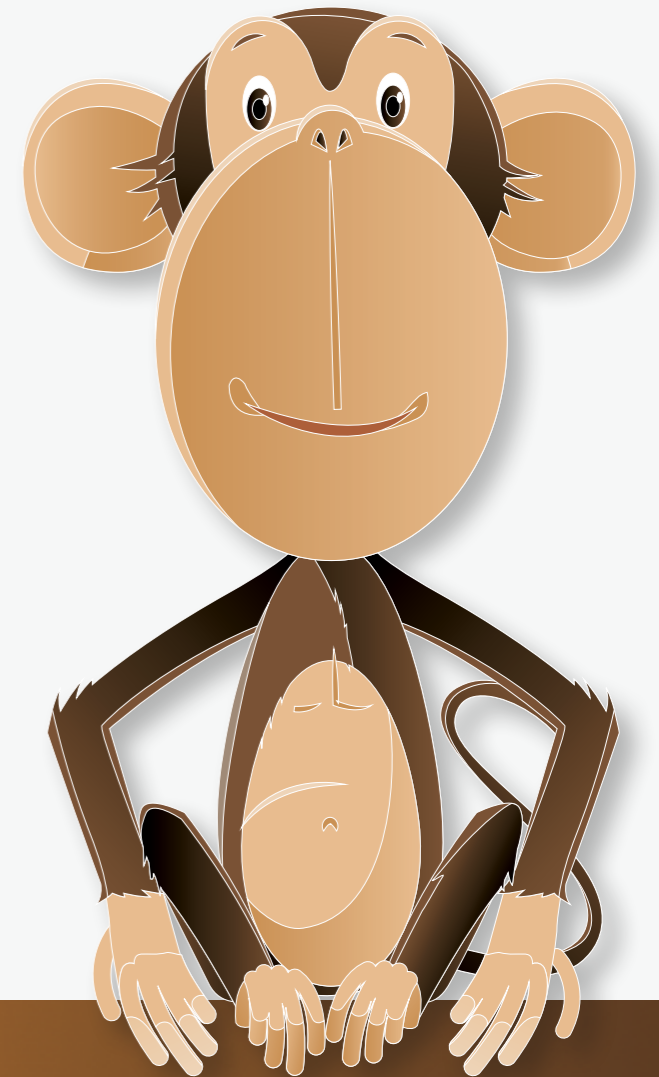

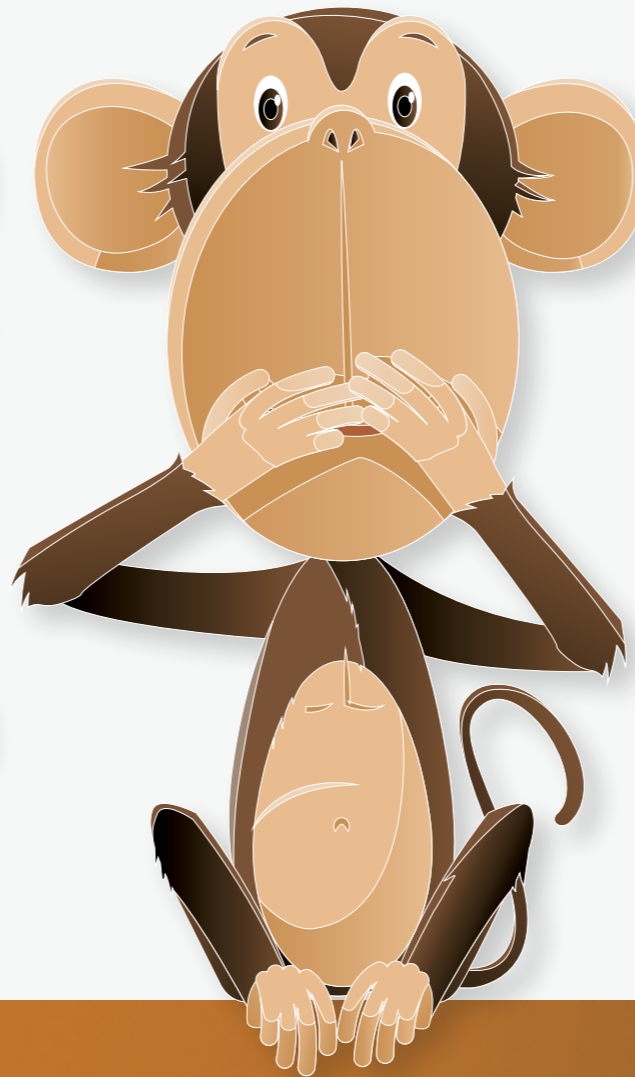

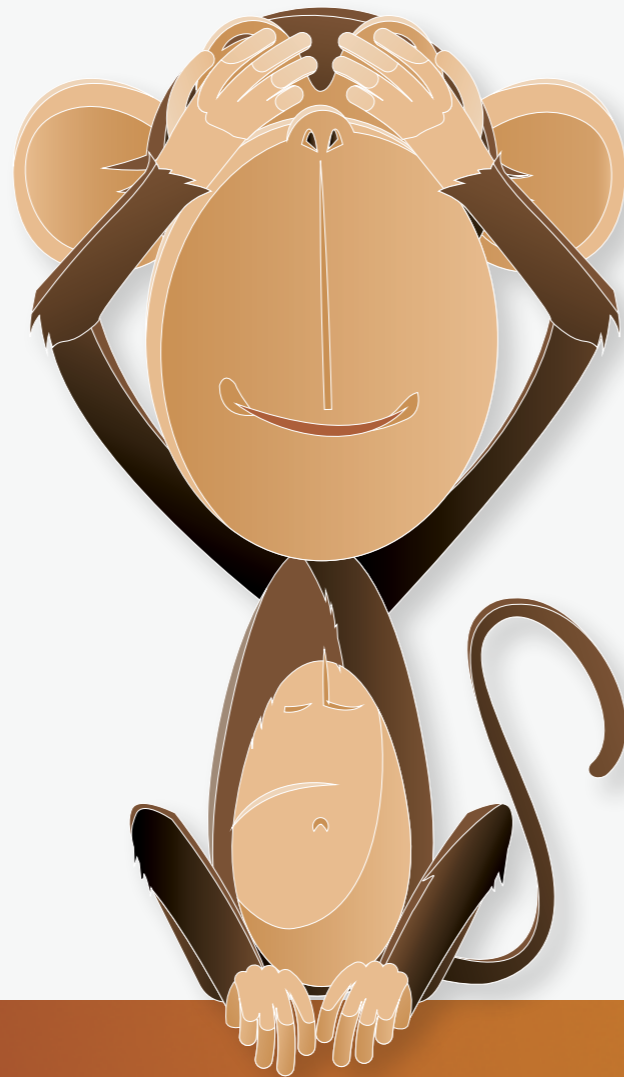

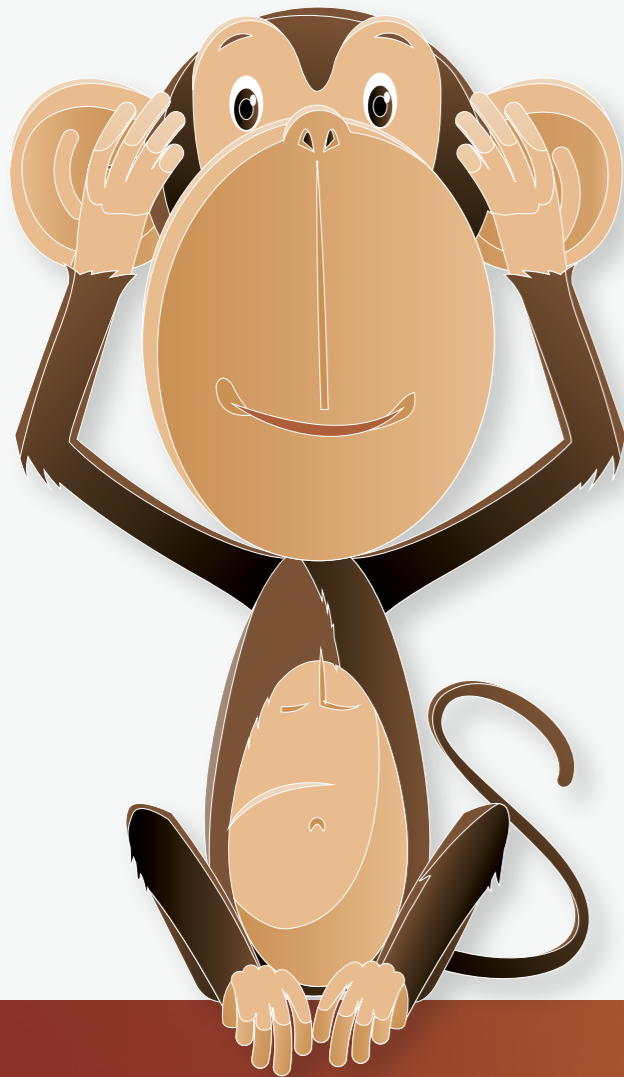

We need to **SPEAK UP** if we have safety concerns!

## >> MAKE A DIFFERENCE!

Identifying, understanding and controlling hazards is crucial to prevent serious injuries and deaths in our industry.

## >> SAFETY CONCERNS?

Talk to your safety and health representative. It is their role to confidentially raise safety issues on your behalf.
