APPLICATIONS*

This application for renewal of the permit is required to be submitted in triplicate three months prior to the expiry of the current permit term and should be accompanied by:-

- (a) Details of –
 - (i) the applicant's assessment of the petroleum potential of the area, including a geological and geophysical review and technical assessment of the area, and the concepts underlying the proposed exploration program;
 - (ii) the applicant's minimum guaranteed proposal (in terms of operational activity and indicative minimum expenditure) for data evaluation, seismic surveys and exploration wells to be drilled, on the basis that none of the wells drilled encounters significant hydrocarbons, for each year of the first three years of the permit term. This proposal, to be known as the 'minimum guaranteed dry hole work program', should only include work expected to involve a substantial exploration component - appraisal work should not be included;
 - (iii) the applicant's proposal (in terms of operational activity and estimated minimum expenditure) for data evaluation, seismic surveys and exploration wells to be drilled, for each of the remaining years of the permit term. This proposal, to be known as the 'secondary' work program, should only include work expected to involve a substantial exploration component - appraisal work should not be included.
- (b) Particulars of –
 - (i) the business address for service of notices to each applicant.
- (c) Such other information as the applicant wishes to be taken into account in consideration of the application.
- (d) A fee of **\$1835.00**, payable to the Commonwealth of Australia through an Australian bank or bank cheque, is required.
