

Government of Western Australia Department of Mines and Petroleum

# How to lodge a Programme of Work (Exploration) Online

Government of Western Australia Department of Mines and Petroleum

### Overview

- EARS Online System
- Brief history of EARS Online Programme of Work (PoW) Lodgement
- PoW Online Lodgement Process
  - Access to the EARS Online system
  - Application Steps
  - Troubleshooting / Feedback
- Questions

Environmental Assessment and Regulatory System (EARS)

Government of Western Australia Department of Mines and Petroleum

- Online lodgement of PoWs originally began on 14 December 2009
- In the last quarter 83% of lodgements were received on-line.
- 98% of these were processed within the agreed timelines.

### **PoW Online Lodgement Process**

- Access to the system
- Application Steps
- Troubleshooting / Feedback

- In order to access EARS Online you must register against a Company.
  - Only applications lodged by the company you are registered for will be displayed following log in.
- If you already have an approved EARS Online account with DMP, you can simply proceed to the login page.

## Things You Need to Know – Before You Start

- The PoW form consists of a series of steps, which must be completed in sequence
- Certain items are mandatory and must be completed
- At any point in time, the form can be saved and retrieved for completing at a later date

### **Application Steps**

- Contact Details
- Tenement Details
- Registered Holder Details
- General Details
- Aboriginal Heritage
- Maps
- Select Activities
- Complete Activities
- Summary of Activities
- Excess Tonnage
- Comments
- EPA & Native Vegetation
- Environment
- Declaration
- Review & Submit

### **Aboriginal Heritage**

If your proposal partly or wholly intersects the boundary of a registered heritage site, you must attach advice from the Department of Indigenous Affairs.

If required a section 18 must be applied for prior to submitting the PoW-E.

- Excess Tonnage
  - Notification on whether the proposed activities have exceeded the tonnage limit for the tenement type will be automatically determined by EARS Online.
  - <u>NOTE:</u>
    - Tonnage disturbed is cumulative for the life of tenement.

EARS online system does not currently monitor previous tonnage disturbed.

Excess tonnage may need to be applied for even when a notification is not provided.

Government of Western Australia Department of Mines and Petroleum

- EPA & Native Vegetation
  - Information on whether the proposed activities are located within an area under formal assessment by the EPA under Part IV of the *Environmental Protection Act 1986*
    - If so, you will be required to submit the following
      - EPA Project Name
      - EPA Assessment Number

- EPA & Native Vegetation
  - For proposals operating within Environmentally Sensitive Areas (ESA) information relating to the submission of Native Vegetation Clearing Permits (NVCP) is required.
    - Such information will include
      - Type of ESA
      - CPS Number and Lodgement date
  - <u>NOTE</u>: If your proposed activities involve the clearing of Native Vegetation within an ESA, and no NVCP has been lodged with Native Vegetation Assessment Branch, DMP you will be unable to proceed with the lodgement process any further.

- Review & Submit

### Environment

- Environmental management methods for minimising disturbance
- Rehabilitation practices and timing
- Describe existing landform, environment and vegetation
- Whether activities occur on isolated hills/ranges in the MidWest or Yilgarn (Banded Iron Formations)
- Safety procedures for fibrous minerals (Asbestos)
- Requirements of Radiation Management Plan (RMP)
  - <u>NOTE:</u> Prior to submitting the Programme of Work application, you must submit a Radiation Management Plan (RMP) with the Resource Safety Division (RSD) at DMP for assessment and approval.
  - If you have received approval for the RMP from RSD, you will be requested to attach a copy of the approval letter.
- Disturbance to the beds and/or banks of a watercourse

### **Application Steps**
