## Statistics Digest Overview

The Statistics Digest publication contains key statistical information and editorial on the Western Australian resource sector. It provides a comprehensive coverage on the composition, magnitude and performance of the Western Australian mineral and petroleum industry, including:

- Mineral and petroleum quantity and values
- Selected major commodity analysis
- Commodity price trends
- Western Australia's position as a resources exporter
- Royalty receipts
- Exploration
- Investment
- Principal producers

Printed copies of the Statistics Digest are available from the first floor counter of Mineral House, corner Plain Street and Adelaide Terrace, Perth or a PDF copy can be downloaded using the links below.

For specific enquiries please contact Jill Gregory or to be included on the Statistics Digest mailing list contact Gerard O'Neill.
