Library Catalogue (GeoLib)

Use the Library Catalogue to search the Department of Mines and Petroleum (DMP) Mineral House Library for publications on Western Australian geology, mining, petroleum and environmental subjects. External clients of DMP may visit the Library and consult publications on-site. Please note that loans of material are not available to individuals. Inter-Library Loans are only available to a requesting Library. Some links to full-text documents and images may not be available at this time until they are transferred to our new server.
