

OSH Commitment Statement

The Department of Treasury (Treasury) is committed to achieving excellence in providing and maintaining a safe working environment for all Treasury employees, contractors and workplace visitors.

Together we will work collaboratively to achieve a workplace where staff feel supported, are confident to report and use initiative to proactively minimise both physical and mental risks.

Our leadership team commit to championing a healthy and safe workplace through actively pursuing opportunities to increase OSH performance, supporting and facilitating a safety culture across Treasury. This includes recognising OSH matters as essential and integral components in all Treasury activities.
