

Government of **Western Australia**
Department of **Mines and Petroleum**

Online payment services shut down

The Department of Mines and Petroleum (DMP) online payment services will be shut down on Saturday, May 27.

Customers will not be able to:

- lodge online transactions through Mineral Titles Online
- make payments through the Quicklink service.

The systems will be out of action for Saturday
and possibly some of Sunday.

Systems will be functional when business
commences on Monday, May 29.

The work will integrate the existing payment systems
and incorporate a new Bpay method.

The upgrades will enhance the operation of the systems
and improve the whole customer experience.
